## *Fondasyon Manmi Chalo-FMC*

---

FMC is a non-profit organization created and named after Mrs. Sainvilia Aubourg known as Manmi Chalo. After her passing the Aubourg family and friends started this organization to continue the work she has done her entire life: help others.

The organization officially launched its activities shortly after the deadly earthquake that hit the south of Haiti in August 2021.

---

## *Logo and Slogan*

---

The organization's logo consists of a hand "holding" a heart. It's a visual representation of a Haitian saying: "Pote kè nan men" (have your heart in your hand-). It's a term commonly used to describe someone who's generous, selfless, caring...All these qualities were embodied by our beloved Manmi Chalo. It seemed fitting that this combination should be used as a logo.

We chose green for the background and the circle shape because of their meaning and symbolism:

**Green** is often seen has the symbol of prosperity and progress. A **circle** represents unity, commitment and community. We felt like the combination aligned perfectly with the organization's mission which is:

Help the most vulnerable overcome hardship and achieve economic growth-by doing so help our community in its entirety grow and prosper.

The organization's slogan is "youn ede lot pou yon pi bèl demen" **"Together for a brighter future."**

---

## *Vision*

---

FMC's vision is to help create opportunity, growth and positively impact the most vulnerable communities in Haiti.

---

## Mission

---

As stated above, the organization mission is:

*Help the most vulnerable overcome hardship and achieve economic growth-by doing so help our community in its entirety grow and prosper.*

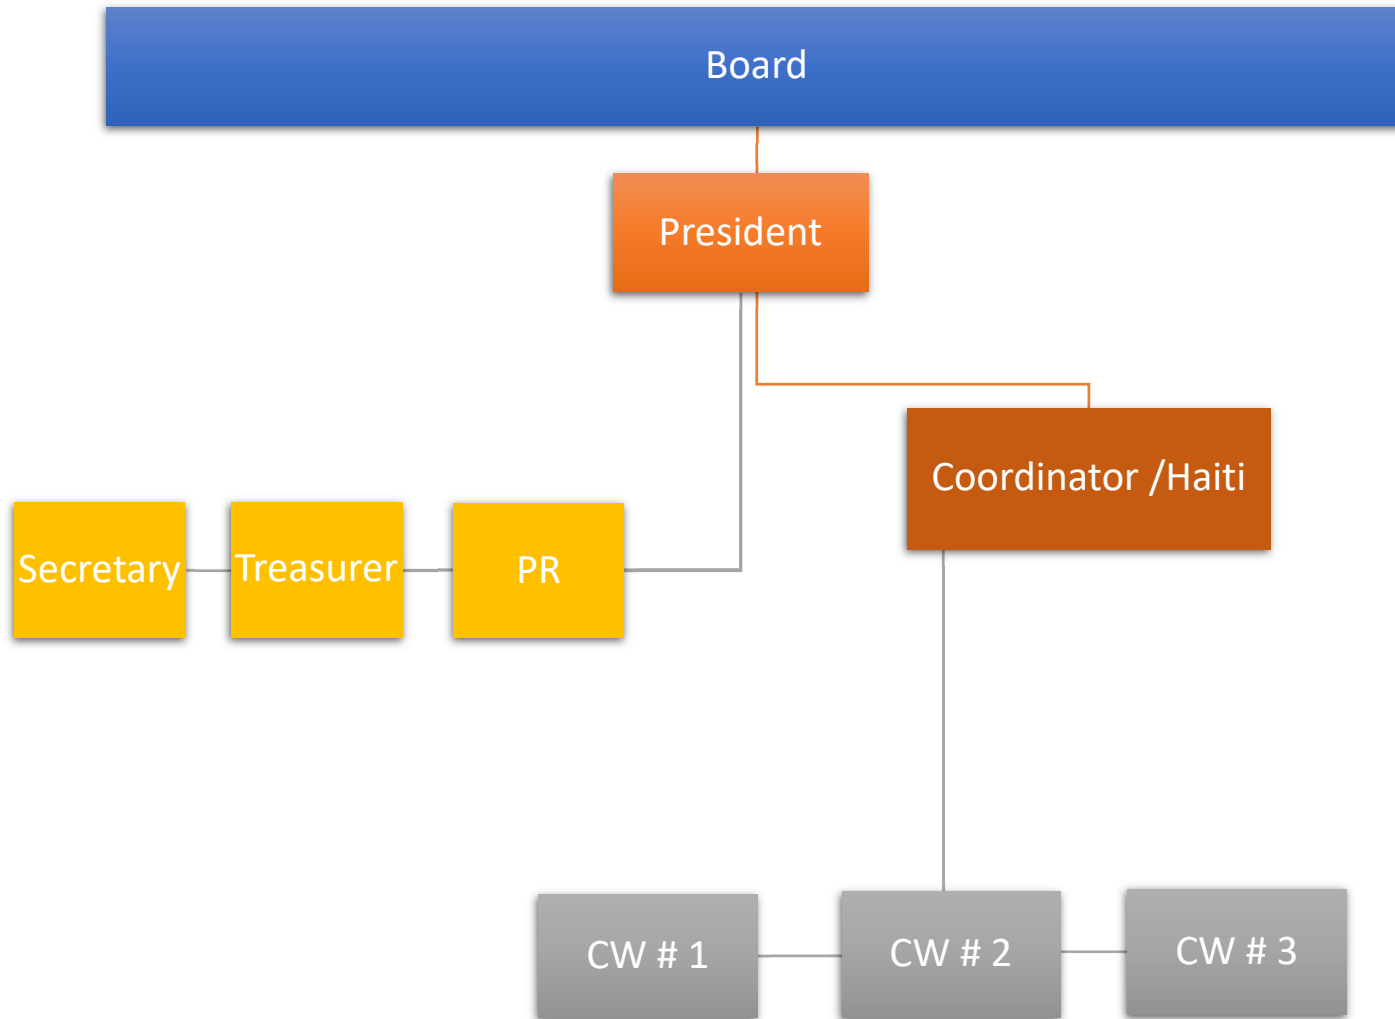

---

## Members and Organigram

---

The followings are the official members of the organization

| - Mrs. Kharko Calixte- Public Relation |   |

The Board meets every two weeks with the President, the Coordinator, the PR and the Treasurer to go over the operations and make the necessary decisions.

It's important to mention that only the community workers get a stipend to cover their commute when they are visiting the families.

---

### *Phases*

---

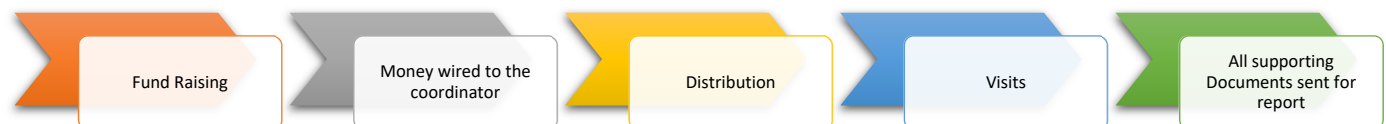

TBD

---

### *Process*

---

The process is rather simple. The money raised is wired to the Coordinator in Haiti (in separate installments), either by the President or by a member of the Board. Proof of the transfers are given to the Treasurer, so he can record the transactions.

The funds are then given to the families by the coordinator- Each transaction comes with a receipt signed by both the head of household and the coordinator.

The Community workers perform weekly visits to the families assigned to them. They get a stipend to cover their commute.

All documents -receipts and proof of visits- are sent to the secretary and the treasurer.

---
